SHELTER
We provide overnight shelter for 44 men and 22 women each night. Shelter guests stay with us for 28 days and work with staff to eliminate housing barriers and move into stable housing.

SUPPORTIVE HOUSING
We help individuals and families experiencing homelessness move into stable housing through rental subsidies and supportive services.

CHILDREN AND YOUTH SERVICES
Families in our housing programs can participate in Children & Youth Services Programs, designed to help break the generational cycle of poverty and homelessness. These programs are designed to meet the unique needs of highly mobile children with limited access to traditional programs due to the challenges that accompany homelessness. We offer three specialized programs:

Early Childhood Program: Families with children under the age of 5 can receive support to ensure healthy growth and development of their young children.

Educational Advocacy Services: Children ages 4-11 can enroll in the reading tutoring program and receive assistance in building academic, social, and literacy skills.

Mentoring & Youth Development Program: Youth ages 10-14 are paired with volunteer adult mentors who help them explore and accomplish goals related to community engagement, employment, education, and personal growth.
